CONDENSED NEWS.

**FOX'S** BOOK OF MARTYRS contains many true and touching stories of suffering, but nothing, either stock or picture, can be more touching than the sharp, severe shooting pains daily and nightly endured by those who are martyrs to that most terrible torment, Neurogia. To get rid of Neurogia is the first business of the sufferer. ANTHROPOPOS regenerates painful nerves, and drives out the horrors of Neurogia.

ANTHROPOPOS gives much to Rheumatic sufferers, and the most skillful physicians have not been able to heal.

ANTHROPOPOS operates on the blood, muscles, and joints, and dissolving the tendons that cause Rheumatism, removes them from the system.

ANTHROPOPOS is pronounced by all who have tried it an elixir specific for these obtrusive and painful diseases.

Read the testimony of one of the sufferers, David Little, Sumner, Co., Iowa, writes:

"I am now 77 years of age, having the Rheumatism three years and eight months, lost control of my weight; could not walk, but crawled about on crutches; could not sit, nor stand, nor sit up, nor sleep, nor write, nor draw, nor eat. But thank God for your great discovery! I then arrived Saturday night. I took a dose Sunday morning, felt it take effect and dressed myself and walked out into the kitchen without the aid of crutch or cane, and within them all day. Now I can walk, sit, stand, write, draw, eat, and sleep. I thank you for your wonderful discovery. Wish I could get ANTHROPOPOS in the hands of every sufferer from this terrible disease."

If you cannot get ANTHROPOPOS, you should, as we send it to all parts. We never deny you any order—order quickly. We never deny you any order—order quickly.

—Mr. W. S. Webber, superintendent of the Appleton shoe factory, is in the city to-day visiting his family.

—County Superintendent Wm. Jones, of Clinton, was in the city to-day, and made a pleasant visit to the Gazette office.

—By reference to our Chicago market report, it will be seen that all kinds of grain and provisions have taken a sudden advance in prices.

—The young people's guild of the Baptist church, meet at the residence of Capt. A. M. Pratt, on Jackson street, on Friday evening of this week.

—The Jainesville wire company are doing a good business this winter. One day last week they shipped three carloads of their manufactured wire to different parts of the country.

—Frank Pierson, son of Mr. and Mrs. Ambrose Pierson, met with an accident last evening, while coasting, by which he sprained one of his ankles, and is suffering much pain in consequence.

—Miss Emma Krouse, daughter of Mr. and Mrs. George Krouse, of the second ward, was called home yesterday, from the Elgin, Ill., infirmary, where she is employed, by the illness of her mother.

—Mrs. Margaret McGuire, a lady 3½ years old, residing on Franklin street, fell on the ice this morning and dislocated her shoulder, and otherwise bruising her body. She was attended by Dr. Q. O. Sutherland.

—Mr. Fred Comstock has accepted a position in the business office of Herman Buchholz, the carriage builder, corner of East Milwaukee and Main streets, where he can now be found ready to wait upon the patrons of that establishment.

—Mrs. Wm. E. Norton, wife of W. H. Norton, residing on the corner of Park avenue and High street, died this morning, after a long struggle with that dread disease—consumption. The funeral has not yet been announced.

—Some sixty head of horses and mules, belonging to the "Burr Robbins new consolidated railroad show," will arrive here from Michigan to-morrow, when they will be offered for sale, as the show company have more stock of this kind than they can use the coming season.

—The revival meetings in the First M. E. church, continue to attract increased attention, the church being crowded nightly with people eager to hear the good words pronounced by Rev. C. E. Goldthorpe and Miss Rider. The meetings will be continued each evening during the week.

—The rain yesterday afternoon and evening was quite numerous, so far happening at the same time, making it a little difficult to keep track of them. The only damage we have to note is the upsetting of a sleigh load of milk, and the loss of a large quantity of bacon fat on the ice.

—The social given by the ladies of Christ church and society, in Apollo hall last evening, was well attended, and as usual with the socials of this society, everything passed off pleasantly, the guests being made welcome by the managers, and none went away dissatisfied with the evening's entertainment.

—The steam fire whistle, ordered by the city of Madison, has been received, and placed in position at the water works. The Democrat says: "The water works whistle is a boomer. Some still thought, when a fire breaks out, this whistle will make some noise." Gabriel has it first on his trombone solo."

—F. C. Cook & Co. have just received another line of ladies' and gentlemen's gold watches; also, a line of gold, silver, and nickel Chatelain watches. Their stock is by far the largest and best selected in the city, and we advise our readers who want honest goods at the lowest prices, to deal with this firm.

—Mr. Benjamin Irish, of the town of Bradford, died yesterday morning at his home near Emerald Grove, in the 61st year of his age. The deceased was an old settler of the country, and was well known and highly respected by a large acquaintance. The funeral has been postponed to await the arrival of a son now residing in Dakota.

—The Jainesville Stock company at their monthly meeting last evening, discussed at some length, the propriety of providing a relief fund for the aid and support of disabled members. The discussion was suggested by the absence of a member who was injured at the Baptist church fire. The fraternal feeling existing among the members is commendable.

—It is reported that a new disease has appeared in the first ward, called, by the physician having the case in charge, Roman fever. It is not yet determined whether an "M. D." or "D. D." will first discover the antidote that cures;—no danger of the case proving fatal, but it is courageous, especially among the young and middle aged people of both sex. The above case will be further reported in about two weeks.

—Evanville Enterprise—The gray horse Uncle Scofield drives is thirty-six years old and can beat most of the fancy roadsters in town for a half mile—Martha Gibbs, aged 86 years, died at her home in Porter, Jan. 31st. Mrs. Gibbs was the mother of our worthy citizen, Mr. Frank Gibbs. The funeral was held

at her late home last Saturday and the remains interred in the cemetery at this place.

—The trial of Wm. Garnet, charged with stealing an overcoat from Mr. Chas. Sexton, at the Baptist church fire, is in progress in the municipal court to-day. Chas. E. Pierce appears for the state and Ed. F. Carpenter, for the defendant. They rented a house on Court street for a year, agreeing to pay a fabulous price for the same, hung out a shingle, and were ready for business. Usually one doctor can make life burdensome to the average patient, but experience had taught the party of whom we write, that chronic diseases required combined skill, and their patients were permitted the pleasure of the acquaintance of the entire party. "I am under the strength" was their motto, and they never lost sight of the text. Their manner of procedure was novel and we think original. One of them traveled through the country as a humanitarian, calling at the various farm houses and inquiring after the health of the family; a shadow of disappointment was visible on his open countenance if the inmates of the household were all well, and as he exhibited ordinary solicitude if any of them were slightly indisposed, but where he found, as he sometimes did, cases of consumption in its last stages, or some other incurable disease, his face would light up with an angelic expression and producing his card and a liberal supply of printed documents he would say, "my friends, this case is indeed an aggravated one, but if you will kindly look over these testimonials and permit me to call again to-morrow and examine the patient, perhaps we may be able to do something to stay the hand of Providence." On the morrow quick number two would put in an appearance and explain to the family that his friend was unable to call, as he had agreed to do, but with their permission he would examine the patient without charge and tell them whether anything could be done. This proposition seemed fair, and with the assurances at which drowning men always catch at straws, he was introduced to the sick-room. After a careful examination he would say, "this is a very complicated case, I must have time to thoroughly investigate; to-morrow I will call again and bring with me my partner as counsel." The next day the two would appear on the scene, and after a long consultation would decide to undertake the case and warrant a fee for one hundred dollars, half down and the balance when the cure was effected. It was not convenient to make the first payment in cash, a note would be just acceptable. Some one will ask, "did they ever find one foolish enough to give a note?" Yes, plenty of them, their short stay of three months in our city resulted in their getting together over twelve hundred dollars worth of this kind of paper, and when they skipped for "greener fields and pastures new" the said notes left in the hands of a third party and the victims, when names they represented, was all there was left as a reminder of the medical dispensary on the hull. One of these victims was in town to-day in search of his note; he is anxious to know if he will have to pay it. The only consolation he received was that he would, and if the experience wasn't worth the amount of the note, he must hunt up the quicks and get muscular satisfaction. The determined look on his face, as he went out, convinced us that should he ever meet with the party, there might be a funeral without the aid of any chronic disease.

—MORAL—When you read the advertisement of a quack in the Gazette, or any other paper, just remember that first class physicians, as a rule, do not travel for practice. If you are not satisfied with your family physician, go in company with him to the city, and consult some good specialist, who has a reputation established on merit.

—Death of an old Settler.

The funeral was held on Sunday, and the remains interred in the Deloit city cemetery, in which he had owned a lot since the time it was first platted.—*Deloit Free Press*.

—The rain yesterday afternoon and evening was quite numerous, so far happening at the same time, making it a little difficult to keep track of them. The only damage we have to note is the upsetting of a sleigh load of milk, and the loss of a large quantity of bacon fat on the ice.

—The social given by the ladies of Christ church and society, in Apollo hall last evening, was well attended, and as usual with the socials of this society, everything passed off pleasantly, the guests being made welcome by the managers, and none went away dissatisfied with the evening's entertainment.

—The steam fire whistle, ordered by the city of Madison, has been received, and placed in position at the water works. The Democrat says: "The water works whistle is a boomer. Some still thought, when a fire breaks out, this whistle will make some noise." Gabriel has it first on his trombone solo."

—F. C. Cook & Co. have just received another line of ladies' and gentlemen's gold watches; also, a line of gold, silver, and nickel Chatelain watches.
